

# RETURN TO SENDER®

Avoid receiving junk mail and unsolicited advertising.  
A unique and simple way to keep your property eco-friendly.

## Your 'No Junk Mail' Stickers

will help eliminate junk mail from your home by informing the postman of your preferences. Stop the flow of unsolicited advertising, reducing waste and a fire hazard.

## Your 'No Junk Mail' Stamper

will help reduce the flow of unwanted post to your home and make an important contribution to saving the environment. Simply cross out your name and address, stamp mail with the Return to sender stamper and mail it back in the post.

Be responsible, use **RETURN TO SENDER®**  
An important contribution to help save our planet!

# RETURN TO SENDER®

## Postal Return System

### Home Pack

**RETURN TO SENDER®** is the most effective and reliable postal re-direction system.

Cross out your name and address, stamp post with the Return To Sender® stamper and mail it back in the post. Also place one of the 'No junk mail' stickers on your post/letter box to advise the postman not to post any unwanted materials.

There are many reasons to use Return To Sender®

#### **Protect against identity theft**

Unwanted mail exposes you to identity theft when it gets into the wrong hands.

#### **Help the environment**

Reduce paper consumption by not accepting unwanted mail, and get your name and address deleted from databases.

#### **Help reduce waste**

Stop accumulation of unsolicited advertising and junk mail. The manufacturers of paper are releasing massive amounts of greenhouse gases. It is the responsibility of everyone to do their part in protecting the environment. Do your part to stamp out junk mail and return unwanted post today.

### HOW TO USE RETURN TO SENDER®

#### **The 'No Junk Mail' Stamper**

Simply cross out your name and address, stamp post with the Return To Sender® stamper and mail it back in the post. This will reduce the flow of unwanted post to your home, avoiding paper build-up and possible fire hazards. It will also help prevent identity fraud.

#### **'No Junk Mail' Stickers**

Choose which post/letter box sticker you like and place it next to your post/letter box. This gives the person posting a clear message: 'No Junk Mail or Unwanted Advertisements'
